

# 12 Heilige Nachten

## Nocturne Secret Garden

Now let the day just slip away so the dark night may watch over you  
Velvet blue, silent true, it embraces your heart and your soul

Nocturne

Never cry, never sigh, you don't have to wonder why  
Always be, always see, come and dream the night with me

Nocturne

Have no fear when the night draws near  
and fills you with dreams and desires

Like a child asleep so warm so deep  
You will find me there waiting for you

Nocturne

we'll fly, claim the sky, you don't have to wonder why  
Always be, always see, come and dream the night with me

Nocturne

Now the darkness lay, it will give way  
When the dark night delivers the day,

Nocturne.
